

Viticulture and Enology: Innovation meets Tradition

Seminars on Tuesday **May 15th** and **22nd** 2019

Dr. Paolo Sabbatini

Associate Professor, Michigan State University

15/05/2019 - 16.30

Room S. Francesco

***Cold hardiness of grapevines and methods of
protection and recovery***

22/05/2017 - 16:30

Room 5

***Variety selection in cool-cold climate viticulture
and production of ice wine***

Paolo Sabbatini joined in 2007 the *Department of Horticulture* of Michigan State University as Assistant Professor in viticulture and became Associate Professor in 2013. His main research focus is on physiological and cultural factors limiting vine growth, on interactions with biotic and abiotic stress and on strategies to achieve sustainable yield and quality.
